

**Measurer's Meeting (Final)
held 5.00pm 4 January 2020
at Vaucluse Pilot Station**

Attendees: Darrell Moy, Paul Coates, Michael Eaton, Andrew Barney, Peter Osborne, Richard Strauss, Scott Day

Apologies: Anthony Abbott

Points discussed as follows:

- Call for zones to undertake their own measuring prior to the Nationals.
- Minor discrepancies found with Freddy Foils rudders out of mould.
- A roll up Spark Sail measuring template is required to be produced.
- Sub-Committee items not addressed last winter to be considered this winter as follows:
 - Mast weights, standardising components where possible, and a few other items including review of loose footed mainsail deleting the shelf foot boltrope requirement.

Scott Day thanked Darrell Moy for his efforts as Measurer over the past year. Peter Osborne took up the position of ANSC Measurer for the coming season as North Queensland are hosting the next Nationals.

Meeting Closed 6.00pm.
